

The **RetireMEDiQ Program** guides you through your transition to retirement health insurance.

Our goal is to keep you informed and to provide you with the knowledge and confidence you need to make the most important decisions affecting your health plan coverage.

Our program delivers **five pillars of service** – all at no cost to you:

Personalized Communications

Benefit Advisors

Access to Health Care Plans

Lifelong Support

Resource Libraries

Our five pillars of service:

Personalized Communications

Sign up to receive timely Medicare, retirement and lifestyle communications to your inbox. We provide you with the ability to customize your newsletter based on topics that are important to you and how often you'd like to receive them.

Benefit Advisors

Meet one-on-one with a Benefit Advisor about your retirement health plan options. Real people with real answers are available to support you, whether you have questions about Medicare, early retirement, plan options, cost savings or enrollment.

Access to Health Care Plans

We offer a variety of plans in a range of price points to ensure that you find the one that fits your specific needs and budget. When you are ready to transition from your current health plan, we will help you enroll.

Lifelong Support

When you trust RetireMEDiQ, we serve you for life! Our Client Services team provides year-round support including expert advice, help resolving claims and billing issues, assistance with plan renewals, and cost-savings analysis.

Resource Libraries

Get instant access to information, answers and guidance by browsing our online resource library. Our team of retirement health plan experts has crafted exclusive content specifically designed for your Medicare journey.
